

Website Video Tutorials

We have created a number of support videos aimed at helping you understand some of the features of the new website.

Note that Flash Player is required in order to view these videos. A couple of the videos are rather large, so it might take a minute or two to load and start playing.

Select any of the links below to start playing it's respective video

Website Registration - (2 min. 55 sec.) This video walks you through becoming a registered member at the webiste

User Profiles - (4 min. 9 sec.) This video walks you through the process of modifying your personal information as well as introducing you to some other features available

Member List - (3 min. 51 sec.) This video explores the "Member List" feature at the website. Included is showing you how to send emails to other registered users from the website.

"Keep Me Informed" and "Member News" - (3min. 50 sec.) This video introduces a couple of new features available to registered users

Photo galleries and Sermons - (4 min. 21 sec.) This video demonstrates the functionality of the "Photo Galleries" section of the website as well as the "Sermons" section.

If you are still having difficulties with any of the features in the website, please feel free to contact me .
